FEATURED HIGHLIGHTS

- Full redundancy provides maximum reliability through cellular, wifi or satellite connectivity
- Simultaneous Recording/Playback and Network
- Supports 4 SIM cards easily plug and play
- Can connect external equipment for a complete mobile medical solution

TECHNICAL SPECIFICATIONS

Cellular Networks	
	GPRS
	3G/4G
	UMTS/LTE
	All Cell Provider Compatible
	Wi-Fi & Cellular
	Smart Power On
	Local Recording
	Satellite Failover
	Private VPN Network
	128bit Encryption (optional)
Cameras	
	Embedded camera
	Wired hand camera
	Wireless hand camera
	Additional external power supply
	In/out Video and Audio
	7" Display
	12" Digital Touch Pad
	Embedded Windows 10
Accessories	
	Wireless Stethoscope
	External Plug LAN RJ45
	Lithium Batteries 100wh
	External 240-110V Charger
	Power supply 12V
	IP Protection - IP54
Weight	8kg
Dimensions	17x34x46cm
